To the Board of Directors
Healthcare Foundation Northern Sonoma County
Healdsburg, California

We have audited the accompanying financial statements of Healthcare Foundation Northern Sonoma County, which comprise the statement of financial position as of December 31, 2016, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Healthcare Foundation Northern Sonoma County as of December 31, 2016, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

As part of our audit of the December 31, 2016 financial statements, we also audited the adjustments described in Note 3 that were applied to restate the beginning net asset balances, which were audited by another auditor whose report dated August 16, 2016, expressed an unmodified opinion on Healthcare Foundation Northern Sonoma County's 2015 financial statements. In our opinion, such adjustments are appropriate and have been properly applied. We were not engaged to audit, review, or apply any procedures to the 2015 financial statements of the entity other than with respect to the adjustments and, accordingly, we do not express an opinion or any other form of assurance on the 2015 financial statements as a whole.

Notes to Financial Statements

For the Year Ended December 31, 2016

Note 1. Nature of Activities

Healthcare Foundation Northern Sonoma County (the "Foundation") is a California not-for-profit corporation established in May 2001 to raise funds to support quality healthcare services for all residents of Northern Sonoma County. In 2008, the mission of the Foundation was broadened to focus beyond supporting only capital projects to fundraising in support of healthcare. The Foundation receives its support and revenue primarily from the public.

Note 2. Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Net assets, revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Foundation and changes therein are classified and reported as follows:

Unrestricted net assets – Net assets that are neither permanently nor temporarily restricted by donor-imposed stipulations and, therefore, are available to carry out the Foundation's operations.

Temporarily restricted net assets – Net assets consist of funds and unconditional promises to give by donors that specify a specific use or the occurrence of a certain future event. When a restriction is met, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Permanently restricted net assets – Net assets resulting from unconditional promises to give by donors that specify that the assets donated be maintained to provide a permanent source of income. As of December 31, 2016, the Foundation did not maintain any permanently restricted net assets.

Cash and Cash Equivalents

The Foundation considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents, except when a restriction is imposed which limits the investment's use to long-term.

As of December 31, 2016, the Foundation held cash and cash equivalents due to donor restrictions placed on the assets. The entire amount of the restricted cash and cash equivalents were designated for the purpose of healthcare grants and programs.

Note 2. Significant Accounting Policies, *continued*

Contributions Receivable

Verifiable pledges for contributions are recorded as contributions receivable. Pledges that are expected to be collected within one year are recorded at net realizable value. Pledges that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using risk-free interest rates applicable to the years in which the pledges are made. Amortization of the discount is included in contribution revenue. The Foundation uses the allowance method to reserve for uncollectible accounts. Management periodically evaluates the allowance. As of December 31, 2016, Management expects all contributions receivable to be collected.

Property and Improvements

It is the Foundation's policy to capitalize all computers, equipment, furniture and computer software at costs greater than \$1,000. Property and improvements are recorded at acquisition cost. Depreciation is computed using the straight line method over the estimated useful lives of the assets ranging from 3 to 7 years. Donated property is recorded at its estimated fair value at the day of receipt. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Long-lived assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support. Unless otherwise stated by the donor, the restriction expires when the asset is purchased.

Contribution Revenues

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence or nature of any donor restrictions. Contributions are recognized when the donor makes a promise to make a gift to the Foundation that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in temporarily restricted net assets or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

The Foundation sometimes receives donations of marketable securities. Generally, the securities are sold within 7 days of receipt. Investments in marketable securities are reported at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by a donor are reported as increases in unrestricted net assets if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

Note 2. Significant Accounting Policies, *continued*

Donated Services

A substantial number of volunteers have donated significant amounts of time to the Foundation's program services and to its fundraising campaigns. No amounts have been recognized in the statement of activities since the work done by the volunteers does not fall under the criteria established by the Financial Accounting Standards Board (FASB).

Financial Instruments

The carrying amount of financial instruments approximate fair value based on quoted market prices or discounted cash flow analysis for cash, restricted cash and time deposits and other financial instruments.

Functional Expense Allocation

Expenses that are specifically identifiable are charged directly to the appropriate functional category. All other expenses are charged based on a reasonable allocation. Management and general expenses include those expenses that are not directly identifiable with any other specific function but provide the overall support and direction of the Foundation.

Income Taxes

The Foundation is a nonprofit corporation under Internal Revenue Code Section 501(c)(3) and has been granted tax-exempt status by the Internal Revenue Service and the California Revenue and Taxation Code. These exemptions are subject to periodic reviewed by the taxing authorities. As of December 31, 2016, the Foundation has reviewed its tax positions and has concluded no reserve for uncertain tax positions is required. In the opinion of management, there is no unrelated business income subject to income taxes.

The Foundation's exempt organization information returns, IRS Form 990 and California Form 199, are subject to review through three years after the date of filing for federal and four years after the date of filing for state.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions based on management's knowledge and experience. Those estimates affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of revenue, support and expenses. The use of management's estimates primarily relates to the collectability of contributions receivable and depreciable lives of property and improvements. Actual results could differ from those estimates.

The Foundation received approximately 44% of its contributions revenue from one donor in 2016.
